Parent Letter

Our church is organizing a football based summer camp for children from 7 to 15 years old from our neighbourhood and registration is now open. We have a limited number of places available due to the number of coaches and volunteers, so we will operate on first come, first served.

Our aim is to provide recreation and fun as well as to coach basic football techniques and skills combined with Christian Values and Principles for Leadership Development. Please find attached also a Registration Form, our Covid-19 Protocol and Data/Photography Consent that we need, with your signature and agreement in order to secure a place for your child.

Children will be divided into groups for the football and sport activities according to their age. All coaches and volunteers are DBS checked to work with children and the camp leader has got a FA Level 1 licensed to coach football for adult and children. Parents will be responsible to bring their children to the camp before it starts and pick them up at the end. The camp will be free of charge.

Please make sure your child brings lots of water and fluids to keep hydrated throughout the day and also pack a snack for break time.
